

HI-VIZ ORIGINAL[®]

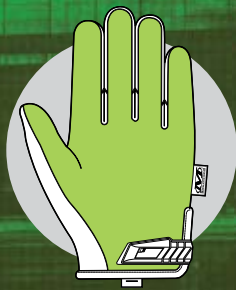

HIGH VISIBILITY HAND PROTECTION

The Hi-Viz Original[®] glove is made using ANSI-107 compliant reflective and fluorescent materials to make you more conspicuous in hazardous working environments. High-visibility TrekDry[®] material helps keep your hands cool and comfortable, while hi-viz reflective print provides eye-catching luminance. Visible hands are safe hands so we used high-visibility AX-Suede[™] palm material for added visual awareness in hazardous environments.

REFLECTIVE

Hi-viz reflective print provides eye-catching luminance.

SEAMLESS PALM

Single layer high-visibility AX-Suede[™] palm provides maximum dexterity.
