

HI-VIZ M-PACT®

HIGH VISIBILITY HAND PROTECTION

The Hi-Viz M-Pact® glove utilizes a high-visibility AX-Suede™ palm and ANSI-107 compliant materials to improve visual awareness in low-light. Fluorescent TrekDry® form-fits the hand keeping them cool and comfortable, while hi-viz reflective print provides eye-catching luminance. The new dual-layer internal fingertip construction adds fingertip strength to the index and thumb, while the embossed and textured material delivers grip. Thermal Plastic Rubber (TPR) extends from your knuckles to your fingertips, delivering critical pinch-point and impact protection. The palm features a durable Armortex® reinforcement panel and impact-absorbing XRD® palm padding for comfort day in and day out.

PINCH-POINT PROTECTION

Thermal Plastic Rubber (TPR) extends from the knuckle guard to the tip of each finger.

PADDLED PALM

High-visibility AX-Suede™ palm with XRD® palm padding.
